PROFILE

Motivated young professional ready to start my medical career as an Emergency Medical Technician. I plan to continue my studies in college while I work and pursue further certifications in the field, such as paramedics. I am experienced in working in a team environment, contributing to the performance of the entire organization. I have a broad set of experiences and skills in customer service which I will combine with my medical training to create positive experiences in healthcare. I am passionate about helping other people and caring for those in need.
